

Roadshow
New Technologies –
New Ways of Age(ing)?

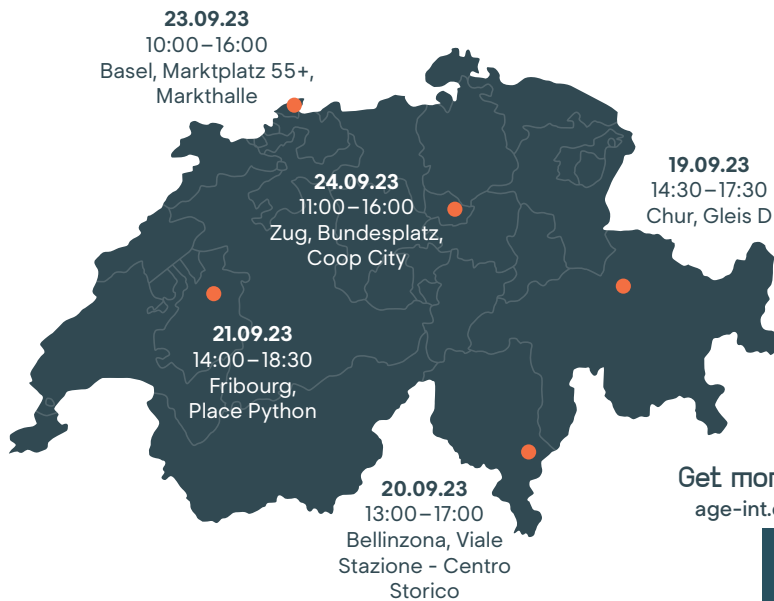

19.–24.09.23
On the
road throughout
Switzerland

We're hitting the road for you. Visit us at our stand to discover and try the latest technologies for independent living in old age.

The following await you:

- Regular demos with our robots, which support young and old during everyday life
- Safety solutions for at home
- Eating and drinking aids
- Data-based technologies for health
- Activity box for dementia patients and their relatives
- Information from experts on ageing-related technologies
